We provide the opportunity to work with a business trainer and interact with other business owners to gain new ideas, growth strategies and success tools.

In-House Workshops

Business Plan Workshop

You might NEED a business plan if:

- You have a great idea for a business, but need some financial assistance to get it started
- Your business is growing, but you need to borrow for some new equipment
- You have an opportunity to expand, but need access to capital

How do you outline your plans to potential funders? Without a plan you may not be taken seriously. Take time to develop a sound business plan, or to update your existing plan. Join our business trainer, Cliff Bilyea, as he walks you through a step-by-step process to develop your personalized business plan.

In addition to being the business trainer for the Hawks' Nest participants, Cliff has helped many individuals develop viable business plans through interactive workshops around the region. He also co-authored the book, "Small Business: An Entrepreneur's Plan".
