## QuickBooks: Online or Desktop?

### Which one is better for you and your business?

**Join us on Thursday, January 31<sup>st</sup>, 2019**

**9:30-12:30 pm**

In this information seminar, you will learn about the features of each software program, and compare the differences between the two. Bring your questions for our presenter and receive knowledgeable, and experienced answers.

Please note this seminar is intended for those with a solid knowledge of bookkeeping principals who want to explore the pros and cons of desktop vs. cloud-based accounting software.

Or for those who are considering switching from another software program, such as Simply Accounting or Sage Accounting.

Nicole Teeter is a business owner with 18 years' experience as a business manager and accounting professional; providing accounting, business management, and small business administrative support to clients in Canada and the States.
